OFFICE OF THE
SECOND MEMBER OF COUNCIL

NOTE

Dated 18th January *1937*

I shall be glad to know what action has been taken about the acquisition of sites opposite to St Peter' Seminary near Yesvantapur I believe provision has been made for this in th distribution of the grant for town provements

Development Secretary,
with compliments

'— A sum of Rs 5,000 has been provided in the Town Improvement grants for the current year for the acquisition of sites adjacent to the Combined Jewell Fallers, Bangalore city required for the location of Industrial Concerns. The connected file on the subject has been sent to the Chief Engineer for taking further action in the matter

3 If approved, the Chief Engineer will be requested to submit an estimate in this

Letter No 6848 dated 12-2-37 from the Chief Engineer of Mysore requesting sanction for an additional grant to enable the entire area being acquired immediately

10 A sum of Rs 5000 has been sanctioned during the current year for the acquisition of land, near the Jackal Filters for locating Govt Industrial Concerns, the acquisition of the remaining area at a cost of Rs 17,862 being taken up next year

11 The Executive Engineer Water Supply Division has requested that six sites as indicated valued at Rs 5,175-8-0 may be acquired during the current year out of the grant of Rs 5,000 sanctioned now.

12 Incidentally the Chief Engineer states that the acquisition of the remaining sites should also be taken up now, as others houses are to be erected by private persons on these sites in the meantime, the cost of acquisition would become high and that the erection of houses cannot also be prevented under the City Municipalities Regulations. He therefore requests for an

13 There are hardly four months more for the close of the current official year and it is most likely that the owners of sites would be able to put up buildings on these sites after obtaining licenses from the Municipality during the short period of four months.

14 It is therefore for orders if action may be taken to acquire the five sites mentioned by the Executive Engineer for the present, the acquisition of the remaining sites being taken up as soon as the next official year begins or the funds therefor are sanctioned next year.

He may perhaps be requested to take necessary action to acquire the whole plot. The amount required for Compensation being sanctioned as an additional grant if need be.

Subject - Acquisition of land (sites) adjacent to the Combined Jewell Filters, Bangalore

---

SIR

With reference to your letter No L 3940 dated the 27th November 1936, regarding the above subject, I have the honour to inform you, that it has been reported by the Executive Engineer Water Supply Division, that the following six sites may be acquired during the current year, at a cost of Rs 5175-8-0

Site No	12	2916-8-0
	1	391-0-0
	2	467-0-0
	3	467-0-0
	4	467-0-0
	5	467-0-0
	Total	5175-8-0

2. In this connection it may be stated, that in reply to an enquiry from this Office, whether it would not be possible for the Municipality to prevent building springing up on these and other sites to be acquired in view of the cost involved viz , 22862/- the Municipal Commissioner has in his letter No L 1 3175/34-35 dated 15-11-35 stated that the Municipality have no powers to refuse permission for building If the acquisition of the remaining sites should be deferred to suit budget allotments therefore, in due course, the cost of acquisition, if buildings were to be erected in the meanwhile, is likely to go high It therefore, seems necessary that all the sites are acquired once and for all now alone, so that Government may get absolute possession of the entire land, by making the full amount of Rs 22 availabl[illegible] by the sanction of an additional grant under "30 gr

for Public Improvements Improvements to Towns and Minor Municipalities "

3 As the cost of acquisition has to be met from '30 grants" and not from Public Works Department grants, the acquisition papers, herewith returned, may kindly be dealt with in the L S G Branch of the Chief Secretariat

I have the honour to be,
Sir,

SIR

With reference to your letter No L 6834/Ml 37-36-33 dated 22nd March 1937, communicating the intention of Government that savings to the extent of Rs 17,862/- corresponding to the additional grant under "30 grants for Public Improvements "sanctioned for the acquisition of sites near the Combined Jewel Filters have to be effected some where else in the Public Works Department Budget, I have the honour to state that it is not possible to effect any savings from the grants allotted for the Public Works Department works as additional grants are being asked for under all major grant heads during the current yea by the Superintending Engineers of Circles

I have the honour to be,
Sir,
Your most obedient servant,

For Chief Engineer of Mysore.
